

## Vacation Science Volunteer/Counselor

Volunteer counselors assist our museum educators during camp days. Children entering grades 1-6 attend a full camp day where they perform experiments, tour the museum, meet some of our animals and explore the science theme of the day. If you are interested in early childhood education or wish to share your love of science with a younger generation – this is the volunteer position for you. Interested applicants must be at least 15 years old. For more information contact Sloane Pielli, Vacation Science Manager at [spielli@TheChildrensMuseumCT.org](mailto:spielli@TheChildrensMuseumCT.org) or 231-2830 x46
