

# The Children's Museum & Roaring Brook Nature Center Educator Virtual Program Guide

2020 - 2021

## Three Entities, One Great Team!

We offer comprehensive programming for school groups, visitors and home schooled children. 2020 has been a difficult year and we have learned a lot! School schedules have changed and programming needs are different. We are proud to be able to offer these live interactive programs virtually.

Our entire staff takes great pride in bringing you this Virtual Education Programming Guide for the 2020-2021 year. We are looking forward to helping you ignite the spark of excitement in the children that you teach even through a virtual setting.
