

# Summer Vacation Science Camp

## the children's museum

Join us for action-packed days of scientific investigations, Museum exploration, amazing planetarium shows, and up-close encounters with live animals.

### June 28– July 2 Critter Camp

During this fun-filled animal discovery week, campers will meet and learn about many different animals including turtles, guinea pigs, and frogs.

### July 5 - 9 Summer Science

Liquid Nitrogen ice cream is back! Join us for a week filled with interactive experiments exploring chemistry, engineering, biology, and more.

### July 12 - 16 Reptile Encounters

This week will offer exciting reptile experiences including lizard bath time, cheering turtle races, and learning about many different snakes.

### July 19 - 23 Excellent Engineers

Bridges, towers, ramp, and inventions! Join us for a week filled with interactive experiments exploring engineering of all scales.

### July 26 - 30 Animal Keepers

Meet a new animal each day! Observe the behavior of various animals eating and exercising to find out what it takes to meet their individual needs.

### August 2 - 6 Water World

Take a break from the summer heat, and join us for a fun week of water games and learning about water animals!

### August 9 - 13 Marvelous Mammals

Have a blast meeting different furry animals for the week. Campers will have a chance to see many of our mammals including our chinchilla, guinea pigs, and rabbits.

### August 16 - 20 Out of this World

This week is perfect for campers fascinated by space, planets, constellations, and mythical creatures.

### August 23 - 27 To the Extreme

Join us for a high-energy, action-packed week of end-of-the-summer fun-filled with games and challenges aimed to put campers skills to the test.

During summer camp all animals will be presented in ways to minimize possible spread of the virus \* Camp policy, procedures, and protocols are subject to change at any time at the museums discretion. Please refer to our website for current updates.
